Commissioner Alan Thompson was in Chicago for a National Convention meeting.

Commissioner Lund made a motion to adopt Resolution No. 1961 which rescinds Resolution No. 1950, placing tighter controls on the restrictions for various activities within the valley floor and urban interface areas in light of the ban on open burning. Commissioner Chilcott seconded the motion and all voted "aye". It was noted this resolution was reviewed by the DNRC, Forest Service, Sheriff and Office of Emergency Management with their expertise and approval.
